WARRANT FOR ANNUAL TOWN MEETING

The State of New Hampshire

To the inhabitants of the Town of Wilton in the County of Hillsborough and the State of New Hampshire qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton on Tuesday, the 9th day of March next, at twelve noon to choose all necessary town officers (polls will not close before six p. m.) and at 7:30 p. m. at the School Auditorium to act upon the following subjects:

1. To hear the reports of Town Officers, Agents, and Committees and pass any vote relating thereto.

2. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

3. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.

4. To see if the Town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.

5. To see if the Town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 41, Section 38, of the Revised Statutes Annotated of New Hampshire, or take any action relating thereto.

6. To see if the Town will vote to authorize the Tax Collector to charge an additional amount of twenty cents on each Poll Tax not paid by September first, for use of the Town as provided by statute.

7. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to maintain the Answering Service in its present location in the Town of Wilton, or take any action relating thereto.

8. To see if the Town will vote to purchase a truck for the Highway Department at a cost not to exceed \$4,200.00, or take any action relating thereto.

9. To see if the Town will vote to purchase a police cruiser for the Police Department at a cost not to exceed \$1,800.00, or take any action relating thereto.

10. To see what sums of money the Town will raise to defray expenses for the ensuing year.

11. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 19th day of February 1965.

CHARLES O. McGETTIGAN, JR.,
JOHN W. COWIE,
RAYMOND F. BATCHELDER,
Selectmen of Wilton, N. H.

A true copy, attest:

WILTON HIGHWAY REPORT – 1964

In giving my Highway Report for 1964 I will commence with Winter Highway Maintenance, which was high for several reasons. First there was a large amount of snow (91 inches), and then in December there were a number of small storms of sleet and rain, which is always costly, as they use a lot of salt and sand as well as labor to keep the roads in driving condition, as the roads of the town are 85 to 90 percent hills, which require much maintenance.

In January there was a total of 31 inches of snow with two large storms, one of 14 inches on January 13-14 and another of 12 inches on January 28. February had a total of 25 inches with one storm of 14 inches on February 16; March, a total of 19 inches with one storm of nine inches on March 18. April storms amount-

ed to only one inch; December, 15 inches, for the total of 91 inches of snow requiring the use of 240 tons of salt and about 650 yards of sand.

Summer Maintenance for the past year was again average, as there were no heavy rain storms, thus no washouts that required repairing. The maintenance consisted mostly of road grading, cutting brush and graveling in general.

During the last of June and in August the resurfacing was done, which consisted of resurfacing and rebuilding surfaced roads. Also at this time the private driveways were built and surfaced. This year there was a larger number of driveways done by the department, causing the resurfacing budget figure to be overdrawn, but the town gets all the money back, with a small profit to the town.

Roads and streets done last summer were: Burns Hill 1.10 miles; Wilton Road 1.20 miles; Burton Highway 1.30 miles; Mason Road 1.90 miles; Abbot Road .70 mile; Livermore Street .30 mile; Whiting Hill Road .20 mile; High Mowing School Road .20 mile; Gray's Corner .20 mile; Zo Pellerin Road .10 mile; Dale Street .10 mile; for a total of 7.3 miles using about 17,000 gallons M.C. 3 Asphalt. The resurfacing amount also includes the patching and maintenance of all hard surfaced roads.

The T.R.A. (Town Road Aid) money this year was used to complete the Marden Road which was started in 1963, and to commence work on the Pead Hill Road which will be completed this year. The town receives about \$7,000 for this work each year from the state, with the town contributing about \$950, which is a tremendous help to the town in rebuilding many of these back roads.

This year I would like to have the town take on a three-year T.R.A. plan, so that we could complete the Pead Hill Road and Captain Clark Road, leading off

the back side of Abbot Hill. This would use about two years' amount of money, but would be a great saving to the town, as these country roads are costly to maintain in their present condition. Also, by completing these two roads, we will have completed building all the main roads which the mail and school buses could use, although the town will still have 17.10 miles of dirt roads that need a lot of improvement, most of these lead to single homes.

This year, under Bridge Maintenance, we installed a cement culvert bridge at Kimball Heights, leading to the Philip Heald Farms.

In my budget this year I am requesting that the small dump truck be replaced, as I do not see how the town can keep it any longer, since it is so costly to maintain.

Several people have asked me the miles of road the Highway Department has to maintain. We have 30.50 miles of hard surfaced roads, with 6.10 miles of state aid roads, which we maintain in the winter months, and 17.10 miles of dirt roads, for a total of 53.70 miles of roads.

In closing I would like to express my sincere thanks to the Wilton residents for the many kind thoughts and deeds they have bestowed upon me and my wife; for to get through 25 years of service in this type of work, one must have the cooperation of many people, for which we have been most grateful.

I would also at this time like to express my sincere thanks to Marvin Cuddihy, Paul Brochu, and Donald McGettigan, as well as to all the others who have assisted in keeping the roads in such good condition while I was in the hospital and confined this winter.

My sincere thanks to them and all the townspeople for their cooperation and assistance during the entire year. I am most grateful.

LAWRENCE A. GIBBONS

REPORT OF AUDITORS

We have completed our audit of the accounts of the various town officers for the year ending December 31, 1964, and find them to be correct and in order with the exception of three missing auto permits, for which the value is unknown.

The records of the Tax Collector, Treasurer, Town Clerk, Trustees of the Trust Funds, Selectmen, Water Department, Wilton Public Library and Clerk of the Municipal Court were checked. The town officers' bonds were also checked and found to be in compliance with the law.

The uncollected accounts of the Tax Collector were verified by sending individual notices to each debtor, this being the usual accepted practice.

We wish to thank the town officers for their cooperation received during the audit, and our many thanks to Mrs. Elizabeth French for the help and assistance she so willingly gave us.

E. B. GIFFIN,
H. L. RING,

Auditors.

Town of Wilton, New Hampshire

Mont Vernon	2

1964 was a very dry year, with long periods of dry spells and the fire danger was very high. We did have several small grass and brush fires.

We had three bad house fires:

Ernest Blanchard's barn and part of the main house.

The following day a fire at Robert Whitney's barn and ell of the house.

The morning of November 1st, Gerald Cardillo camp on Abbot Hill burned.

All three of these fires were of suspicious origin.

Property damage was about \$17,500.00. The insurance paid the amount of \$22,510.40 on the buildings of these three fires. The payment on the contents was \$5,376.64.

The town appropriated \$20,000.00 for a new Pumper. It was delivered the first of October; it was put through a series of tests and was approved by the Board of Underwriters. The Pumper was purchased from the Farr Co. of Woodsville, Mass. for \$19,600.00.

The old LaFrance was sold for \$300.00.

We have asked for \$7,890.95 for our budget for 1965, of which \$1,115.95 is for new hose and equipment.

I wish to thank the Nelson's Answering Service, the Police Department, and my two assistant chiefs, Franklin Edwards and William Cleaves, also, all the members of the department, for their cooperation.

WILFRID B. BERUBE, Chief
FRANKLIN EDWARDS, Ass't. Chief
WILLIAM CLEAVES, Ass't. Chief

Report of the Forest Fire Warden and Your District Chief

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires al-

lowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

WILFRID BERUBE, Warden

WINTHROP HANNAFORD, District Chief

REPORT OF WATER COMMISSIONERS

There was the usual maintenance of replacing pipes due to their being filled with rust. Samples of water have been sent to the State Board of Health Department once a month and have been satisfactory.

The uncollected balance has been substantially reduced.

We have repaired the break in the 6-in. cast iron main that goes across the river near the dump, that was cracked by the ice going out.

Water service was extended to Lawrence Putnam's on Dale Street at his own expense. Also the 2-in. plastic line leading to Lawrence Gibbons' home was replaced with about 400 feet of asbestos pipe.

A new main line of 400 feet was extended on a new street at Abbot Hill Acres.

The new reservoir was treated with copper sulphate on November 22, 1964. Although the water level was

13 feet below the top of the spillway, it still contained about 23,000,000 gallons of water.

Our largest project was the construction of a dam in one corner of the old reservoir, around the outlet, to prevent silt from entering our water system, at a cost of \$2,611.05. This work was done by R. W. Payne, Inc., of Keene, N. H., on the advice of an engineer from the firm of Penton G. Keyes Associates of Providence, R. I.

Invested funds are \$10,875.57 at the Amoskeag Savings Bank; \$10,828.56 at Manchester Savings Bank; \$10,000 at Indian Head Bank, and \$10,000 at Wilton National Bank.

LYNN W. POTTER,

WILTON YOUTH CENTER REPORT

January 1965

The recreational facilities at Goss Park were expanded early in the summer to include an indoor area for the morning arts and crafts program. The bathhouse building was enlarged on its western side to provide the needed space. The cost of this expansion was covered by the capital funds of the Youth Center committee. These funds have been accumulated over the years by the donations of many individuals during the committee's annual fund drive.

The pool at Goss Park was drained during June to permit cleaning and the addition of a complete layer of clean sand to the pool bottom. This work was accomplished at a minimum cost through the use of volunteer labor. Many hours were donated by many members and friends of the committee to complete this project prior to the opening of the pool on June 29th.

Swimming classes, as usual, were filled, and approximately one hundred and fifty children received swimming instruction. The staff, consisting of Abigail Stanton, Pauline Chabot, Donna Stevens and John O'Shea, did an excellent job of guarding the pool and providing the swimming instruction. In spite of the driest summer in memory, there was an adequate supply of water from Stony Brook to keep the pool in good condition.

The committee was again fortunate to obtain the services of Miss Karen Lane as supervisor and instructor for the winter skating program. We wish to thank the Abbott Worsted Company for the use of the mill pond for this program and for plowing the snow whenever possible.

The committee wishes to express its appreciation to the many citizens of Wilton and Lyndeboro for their generosity and continued support.

PHILIP GODLEY, Chairman

LeROY C. ROBBINS

REPORT OF OLD HOME DAYS CELEBRATION

Old Home Days, held August 28, 29 and 30, was most successful, both weatherwise and with the wonderful cooperation of all townspeople in making it so.

The celebration opened with the firing of the cannon on Whiting Hill by the officers of the Lyndeborough Lafayette Artillery, and a children's parade with over 100 entries, led by Henry Destromaison of Milford dressed as a clown. Judges were Miss Edna Cole of Lyndeborough; Miss Jane Mitchell of Marblehead, Mass.; and Mrs. Henry Destromaison of Milford.

Prize winners were: most appropriate, Dana Martin with a covered wagon; Stephanie Shea, old fashioned baby buggy; most original, Donald Young as "Mighty Monkey" and Gary Atwood, "Pest Control"; prettiest, Bonnie Adams, flowered doll carriage, and Lillian Benotti, tulip carriage; funniest, Betsy Stevens and Doreen Gibbons and Charlotte Drew in costumes; best decorated cart or wagon, Dana Martin and Linda Theriault; best decorated bicycle, Sandra Paro and Anne Hutchinson; honorable mention, William Fitzpatrick and Anne Cleaves.

Committee in charge was Mrs. Frances Pellerin, Mrs. Mildred Pike and Miss Florence Rideout.

This was followed with a concert by the school band under the direction of Mr. Edward Hamilton of Ashburnham, Mass.

At 9 p. m. an Old Fashioned Melodrama, "Little Nell," was presented to a capacity audience in the school auditorium under the direction of Mr. and Mrs. Deane Beytes of Abbot Hill. They were assisted by the New Ipswich Players and the Purgatory Players. Taking part in the play were Helen Sheldrick, Philip C. Heald of Wilton; Mrs. Etta Batchelder of New Ipswich; Malcolm Winsor of Mont Vernon; Dick Kenyon of Amherst; with Mrs. Lucille Heald of Wilton as prompter; Deane Beytes as stage manager, prologue

and sound system; costumes, Mrs. Louise Winsor of Mont Vernon; set designer, Dick Beytes; with Mrs. Beytes and Mrs. Irene Blaisdell of Mont Vernon as directors. The old fashioned programs advertised everything from spool cotton to domestic sewing machines, wagons and fine furs.

Saturday's program opened with a big parade at 10 a. m. in charge of Gilbert Testa and Samuel Proctor, and included more than 40 floats and 35 other units including the Nevers 2nd Regiment Band of Concord, Milford Spartans, Wilton School Band, and The Pals, a drum and bugle corps from Shirley, Mass. sponsored by two local businessmen. The parade was led by Charles O. McGettigan, Jr., chairman of the Board of Selectmen. The parade formed in the Abbott Worsted Mill yard, proceeded down Main Street, up Maple to the Legion Hall, thence to Livermore Street and on to the park, where the floats were viewed during the day.

Judges were Rev. and Mrs. Roy Thompson of Suncook; Mr. and Mrs. Newell J. Paire of Concord; Mayor Robert Mallatt of Keene; John Pillsbury of Manchester, and Miss Marcia Clement of the Nashua Telegraph.

Those receiving prizes were: most beautiful, Abbott Industries, first; charity Chapter O.E.S., second, and the Wilton National Bank, third. In the most original category Abbot Hill Acres, first; A. C. Atwood, second, and the Boy Scouts, third. Most appropriate: Harwood's Cash Market, first; Second Congregational Church, second, and E. B. Frye and Son, third. Most humorous: Elmer's Barbershop, first; Barry Insurance Agency, second, and Cleary's Drug, third.

The New England ten-mile marathon followed, under the direction of Harold (Sleepy) Edwards of Temple and the Wilton Sports Committee headed by Roy Claire and Fred C. Nelson. (Space does not permit me to mention all who took part, and I am afraid of

omitting some that I know may have had something to do with this big event.) The race got underway at 1 p. m. under the supervision of Walter H. Childs of Springfield, Mass., A.A.U. Commissioner of New England, with 81 runners including Wilton's own Billie Edwards, 17 and a senior at Wilton High School, who finished in 60th place with the 61 runners who completed the course, which left the park, going up the Lyndeborough road to Goss Corner, thence back to the Davisville Road and up to Frye Mill, turning and going towards Wilton Center, down Grange Hall Hill to Route 101 and back to town using the Old Road cut-offs of the main highway, down Main Street to the Cut and back to the school, going around to enter on the Livermore Street side of the park.

Ralph Buschman, Spartan A.C., Brockton, Mass., came in first in 51 minutes, 50 seconds. Second was Larry Damon of the Boston A.A., in 55:11, and third was Dave Dunskey of the Northeastern Track Club in 55:15. Trophies were presented to the first 17 finishers, and special gifts of travel bags were presented to all finishing entries. The Governor's Trophy, given by Governor John King, was presented to the first New Hampshire runner, who was Stanley Dutton of Antrim, in 17th place with a time of 62:29.

Assisting Mr. Childs were Richard Childs as registrar, Harry Coleman and Joseph Hollis of the A.A.U. as timers.

During the afternoon there were several sports contests for the youngsters, and country music entertainment by Rusty and his Rainbow Ranch Boys of Fitzwilliam.

Saturday's program closed with a dance in the auditorium with more than 400 in attendance. Music for dancing was furnished by Bob Brown's 13-piece orchestra of Nashua. The stage was decorated as an old fashioned garden, and old fashioned lamps on

posts decorated the main hall. Arrangements were in charge of Mr. and Mrs. Leo Bird, Mr. and Mrs. James Tuttle and Mr. and Mrs. Elmer Santerre.

Sunday's program opened with special services in all the churches. At 12 noon a horseshoe pitching tournament opened at the school, which drew wide attention all afternoon and set the wheels in action for a tournament of this nature to be held every year. George Quinn was general chairman. Nelson Brake of Tyngsboro, Mass. won the top trophy, with the second award trophy going to Paul Dumont of Tyngsboro. Winners of playoffs during the afternoon were Dave Warren, Allan Hasu, Alden Piper, Dave Hawkins, Bob Chartier, Bob Gallant, George Quinn, Bill Edwards, and Leo Jarvis. The final match of the afternoon pitted Allan Hasu against Bob Chartier, with Hasu winning two straight games for the first-place trophy as Souhegan Valley Champion with Chartier receiving the second trophy.

At 2 p. m. the dedication of the Korean Conflict Stone at Memorial Park on Main Street was held under the chairmanship of Francis Gros Louis, Charles O. McGettigan, Jr. and Mrs. A. Paul Pike. The welcome was given by Raymond Batchelder of the Board of Selectmen, who served as master of ceremonies. The invocation and benediction were given by Rev. Donald Magnuson, as the other ministers and Father John Feeney were unable to be present because of vacations and other commitments. A selection, "God Bless America," was played by the Nevers 2nd Regiment Band of Concord; the presentation of the Stone to the town was then made by Mr. McGettigan, and it was accepted on behalf of the veterans by Francis Gros Louis, Past Commander of Bent-Burke Post No. 10, American Legion. This was followed by a selection by the band, "America the Beautiful."

The dedication address was then delivered by Dr.

Fred J. Wilkinson, a graduate of Wilton High School and now employed as Educational Advisor for the U.S. State Department in Amman, Jordan, who with his family was spending six weeks in Wilton before returning to Jordan in September. The salute to the War Dead was then given by the firing squad of Bent-Burke Post under the direction of Kenneth Draper. The program closed with benediction and "The Star Spangled Banner" played by the band.

The audience then went to Whiting Park, where the Nevers Band gave a concert. The three days' activities closed with an old fashioned hymn sing in the school auditorium, led by Rev. Donald Magnuson, who with the other ministers of the town had set up the program of more than 20 hymns. Miss Judy Gay of Nashua and Baltimore, Md. was the accompanist. Special duets were sung by Mrs. Donald Magnuson and Mrs. Winston Lacey, with special numbers by David La-Ponsie.

Several special activities helped make the celebration the big success it was. An exhibition of art in the Souhegan area was held in the Historical Rooms of the library during the three days, under the direction of Mr. and Mrs. F. Stanley Hallett, with several ladies of the Garden Club and artists manning the rooms during the open hours. Saturday evening the Odd Fellows and Rebekahs served an old fashioned dinner at their hall. Different organizations manned the concession at the park, and Sunday evening Mr. and Mrs. Hobart Powers, owners of the Wilton Diner, took on the chicken barbecue which had been advertised by the Lions Club, but with the Lions members becoming so involved in other aspects of the celebration, bowed out at the last minute. Because of the very hot weather the barbecue was not too well attended. The Youth Center had held the swimming pool open until

after the celebration, and many went to the cool area for picnics.

In conjunction with the celebration and in observance of 225 years of the growth of Wilton, an historical pictorial booklet was prepared by Charles Abbot, William Abbott, Harold Kaye, and Norman Draper, assisted by Mrs. Winthrop Perry and William B. Rotch of the Cabinet Press, who spent many hours assisting in the compilation of the material. A few booklets are still available.

As chairman, words cannot express my sincere appreciation for the fine cooperation I received during the four months I was involved in preparing and presenting the program. Space does not permit me to list all who helped, and please forgive me for not listing more names.

I suggest that this year a committee be named by the Selectmen for a celebration in five years, and that \$100 be voted each year so that in 1969 we will not be faced with the problems we had this year. The \$100 we had to start the proceedings is not enough; secondly, it is a worry to plan a program costing some \$1500 with only a sure \$100 plus what can be received through donations. We were fortunate to have a good committee to sell buttons, and good weather, but even then we came out short, \$79.09, which the Selectmen made up under town expenses.

Raymond F. Batchelder served as Treasurer of the celebration, with Alfred Jarest and Francis Gros Louis as co-chairmen of the button sale, assisted by Russell Burdon, Wilfred Pellerin, William Hurley and other members of Bent-Burke Post.

Special mention should be made of all electrical work being done by Arthur Atwood and James West. The sound system was in operation through the courtesy of Fred C. Nelson, assisted by David Corthell, Morris Courage and Lee Larson of Townsend, Mass.,

who also served as an escort for the parade Saturday morning, keeping it in line during the two-hour period.

The bandstand was made with four hay wagons from William P. Whiting, set in place by Joseph McQuade. Leader cloth from Abbott Worsted Mill was put on by Roland Brochu and his park "crew." A canopy was put over the entire stand by Charles Todd, owner of the Everseal Vault Company of Suncook. The concession tent was loaned by Fred Nelson, the stove from Varney's Second Hand Store, gas grill and gas for the operation of both from Wilton Plumbing and Heating, grill from Philip C. Heald, a refrigerator from Langdell's Auction Barn, and tables from the town hall.

Thanks to Vernon "Pete" Edwards and Harold Kennedy for their work in making signs for the marathon and the affair; to Frank Theriault for guarding the historical rooms, and to the state and local police for their efficient job in taking care of the traffic conditions without a mishap during the entire three days.

A special thanks to Mrs. Arthur Stevens and Mrs. Robert Pollock for manning the nurse's office at school during the entire time of the affair in event of emergency, and to Dr. Raymond Galloway and Dr. Edward Sheris for staying on call in the area during the three days; also to Mr. and Mrs. John Crown for manning the school property during the three days.

The cooperation of all townspeople was magnificent. If I have omitted anyone, I am sorry, and please accept my appreciation.

MILDRED A. GIBBONS, Chairman
Wilton Old Home Days, 1964

RAYMOND F. BATCHELDER, Treasurer

KOREAN WAR MEMORIAL

A Korean War Memorial Committee consisting of Chairman Alfred Jarest, Leo Pellerin and Francis Gros Louis, augmented by Selectman Charles McGettigan, completed their task of obtaining a complete list of names, prices of memorials, and selection of a plot, early in the summer this past year. All work was completed in order that the Memorial Plot be dedicated as a part of the Old Home Days celebration in August.

The Memorial Stone and engraved plaque were put into position the night before the dedication ceremonies, and on the following day, with units of the Bent-Burke Post 10, American Legion, on hand, along with dignitaries representing town and state officials, the dedication ceremony was held. Guest speaker of the day was Dr. Fred Wilkinson, former Wiltonite and now a State Department representative in the educational system of Jordan.

The newly dedicated Korean War Memorial Stone has the following listed names engraved upon it, indicating active service between the Korean War dates of June 25, 1950 to July 27, 1953.

* Died in service.

SYNOPSIS OF ANNUAL TOWN MEETING

March 10, 1964

The meeting was opened at the Town Hall at 9 o'clock, and it was voted to close the polls at 6 P. M.

The meeting for the discussion of the warrant articles opened at 7:30 P. M. at the High School Auditorium, with only about 200 present, due to stormy weather.

The following town officers not elected by ballot were elected:

Auditor for two years, Miss Helen Ring; Corders of Wood, the old board; Surveyors of Lumber, the old board except Horace Stearns, now living out of town; Surveyors of Masonry, and Stonework, the old board; Trustee of the Gregg Free Library, Roy Smith.

The reports of town officers, agents and committees were accepted as printed in the town report.

The Selectmen were authorized to borrow money in anticipation of taxes.

Action to be taken by the town relative to real estate taken over by the town for non-payment of taxes was left to the Selectmen.

The Tax Collector was authorized to appoint a deputy or deputies.

The Tax Collector was authorized to charge an additional 20 cents on each poll tax not paid by September 1st.

It was voted by a standing vote, 139 to 0, that the town purchase a fire truck at a cost not to exceed \$20,000, of which \$5,000 would be paid by taxation and a sum not to exceed \$15,000 by the issuance of serial notes and bonds, bonds to be attained as such rates of interest and terms of payment thereof as may be in the best interest of the town, and a committee consisting of the Fire Chief, two Assistant Chiefs, and three Selectmen be responsible for the purchase of this truck.

It was voted to adopt the revised rules and regulations drawn up by the cemetery committee concerning the sale of lots and use of public cemeteries in Wilton as set forth in the Town Report.

Three hundred and fifty dollars was appropriated for a memorial in honor of the Korean veterans.

The Selectmen were authorized to convey to William H. Bassett and abbuttors the old road leading from Route 101 to Keyes Road, with any cost to be borne by the abbuttors.

One hundred dollars was appropriated to help defray the cost of Christmas lighting on Main Street.

It was voted to have an Old Home Day celebration if enough interest be shown in it.

After discussion of the proposed changes and additions to the building code, as printed in the Town Report, it was moved and seconded that the building code be dropped entirely, but this motion was declared out of order, as that could not be done without an article in the warrant. The changes were accepted as proposed, with an amendment changing "Municipal Officers" to "Selectmen" in Sections VI (A) and (E), with voting by secret ballot, 111 to 40.

The service and quality of the town water was discussed at length, with three suggestions from an engineering firm reported: installation of pumps; a booster station, or a new reservoir or 60,000 gallon standpipe. Suggestions included a new water line from the Garwin Falls reservoir to the new one; taking of water from the center of the reservoir rather than the end near the dam; a standpipe in the Wilton Center area, making more home sites with town water available; and an engineering study with the money to come from Water Department funds rather than from taxes. It was moved that the Water Commissioners be authorized to hire engineers to investigate improving the water, with an amendment added for a local committee to investigate the costs of such a study, but when it was pointed out that the Water Commissioners can go ahead and spend the money anyway, without the town's authorization, the original motion was withdrawn, and instead a vote of confidence was given the Water Commissioners.

Action relative to a Board of Sewer Commissioners was tabled, as the Selectmen felt that it was possible to obtain a full Board.

The budget was accepted as printed in the Town Report:

Current Maintenance Expenses:

General Government:

Town Officers' Salaries	\$ 4,000 00
Town Officers' Expenses	4,000 00
Election and Registration expense	700 00
Municipal Court expense	450 00
Expenses Town Hall and other buildings	6,000 00
Employees retirement and Social Security	1,900 00

Protection of Persons and Property:

Police department	12,800 00
Fire department	7,000 00
Moth extermination., blister rust, & care of trees	1,000 00
Insurance	1,000 00
Answering service	2,150 00

Damage by dogs	200 00
Bounties	50 00
Civil Defense	500 00
Blue Cross	800 00
Health department including hospitals	750 00
Vital Statistics	100 00
Sewer maintenance	750 00
Town dump and garbage removal	800 00
Highways and Bridges:	
Bridges	1,186 00
Town maintenance — summer	12,000 00
Town maintenance — winter	16,000 00
Street lighting	3,700 00

(a) Overlay	4,000 00
(b) Long term notes	11,000 00
	<hr/>
	\$149,635 98

The meeting was adjourned at 7:10, and the election officials returned to the Town Hall for the count of the ballots for town officers, Primary election, Constitutional Convention, and Sweepstakes Referendum ballots. The result of the vote for town officers was as follows:

 Selectman for three years:

 Raymond F. Batchelder

504

Town Treasurer:	
Samuel G. Proctor	533
Town Clerk:	
Kenneth R. Dunham	503
Highway Agent:	
Lawrence A. Gibbons	543
Water Commissioner:	
Frank E. Kimball	517
Trustee of Trust Funds	
for three years:	
Earl W. Watts	532
Parks & Playgrounds Commissioner:	
Roland P. Brochu	27
(Already a member of the commission)	
Eddie J. Lamminen, Jr.	20
Evan R. Day, Sr.	13
Sewer Commission	
for three years:	
Norman Wells	11
Lynn W. Potter	7
Roy W. Smith	5
Frank E. Kimball	4
Sewer Commissioner	
for two years:	
Robert Pollock	467
Sewer Commissioner	
for one year:	
Roy W. Smith	6
Lynn W. Potter	4

Shall the town of Wilton continue to maintain its existing
Municipal Court so long as its present judge remains in office?

Yes: 496

No: 43

Shall the provisions of Chapter 171-A of the revised laws
relative to playing games of Beano be adopted in this town?

Yes: 330

No: 168

There were numerous write-in votes for all offices, but
those receiving only one, two or three votes are not listed here.

181 days

1 day for inclement weather

180 School Days

WARRANT FOR ANNUAL SCHOOL MEETING

To the Inhabitants of the School district in the town of Wilton qualified to vote in district affairs:

You are hereby notified to meet at the High School Auditorium in said district on the 6th day of March 1965, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will approve the appropriation of excess sweepstakes money, \$3,159.76, to defray the costs of the Wilton Special Class and pay court costs in the case of Skiba vs Wilton School District, or take any action relating thereto.

10. To see if the District will appropriate up to \$10,600 of excess tuition money, Special Class tuition, income from Trust Funds, additional Impacted Area money and any other income to defray overexpenditures made in 1963-64, carried into the year 1964-65 for additional teachers' salaries, increased costs of the Town Hall renovation and overexpenditures in heat, gas, repairs, insurance, home teaching, textbooks, scholars' supplies, Shop and Athletics, and additional expenditures necessary to be made in covering the costs of the Wilton Special Class and the cost for emergency electrical repairs made in the current year, such money to be expended prior to June 30, 1965, or take any action relating thereto.

Given under our hands at said Wilton this 12th day of February, 1965.

EARL W. WATTS,
RAYMOND A. LaPONSIE,
DOROTHY M. CLEAVES,
School Board

A true copy of Warrant — Attest:

EARL W. WATTS,
RAYMOND A. LaPONSIE,
DOROTHY M. CLEAVES,
School Board

SUPERINTENDENT'S REPORT

To the School Board and citizens of Wilton I respectfully submit my seventh annual report as your superintendent of schools.

Staff and Instruction

Seven changes in staff were made when school opened this fall. Mr. Paul Bates, a graduate of the university of New Hampshire with a year of teaching experience at Andover High School, was hired to teach Social Studies and English. Mr. Spencer Brookes II, a graduate of Ricker College in Houlton, Maine, with a year of experience at Gorham High School in Maine, was hired to teach Mathematics. Mr. Richard Laberge, a recent graduate of Keene State College was hired also to teach Mathematics and coach basketball and soccer. Mrs. Edna Matson of Milford, a graduate of Manchester Institute of Arts and Sciences was hired to teach Art on a part-time basis. Mr. Robert Saba, a graduate of Boston University with a Master's Degree from Springfield College and six years of Social Studies teaching experience at Wilmington High School in Wilmington, Massachusetts, was hired as the new Principal of the Junior and Senior High School. Mrs. Beatrice Taylor of Greenville, a graduate of Plymouth Teachers College, with nine years of experience, most recently in Greenville and Litchfield, was hired to teach grade three in the Elementary School. Mrs. Agnes Wormwood, a teacher with many years of experience at the primary level, most recently in Hudson, New Hampshire, was hired to teach in the sixth grade. Mrs. Wormwood had difficulty in adjusting to sixth grade teaching and after December first Mrs. Helene Greene, a veteran retired elementary teacher from Greenville was hired to fill her place temporarily.

After considerable study and investigation it was finally decided to hold the Special Class in the Episco-

pal Church owned by Mr. Samuel Abbott. Mr. Abbott very graciously offered the use of the building at no cost for an indefinite period of time. The school district assumed the responsibility of making the building completely habitable, installing water and sewage facilities, lights and other items necessary for the operation of a classroom.

An intensive search was made for a Special Class teacher but none could be found. To circumvent this difficulty Mrs. Helen Witty, a veteran Wilton teacher, interested in this kind of work, volunteered her services as teacher and took courses to better prepare herself for working at this level. During the year the class has been filled to its maximum of fifteen; six of these children are from Wilton, three from New Ipswich, two from Greenville, one from Mason and 3 from Lyndeborough. All of the sending towns have provided additional money in their 1965-66 budgets to have more youngsters attend special classes, either in Wilton or other places. In Wilton, as of this writing, there are at least three children in the school who have moved in since the beginning of the year, who could best be taught in this class. The point is that now that we have developed a sensitivity to the needs of these youngsters we see ever increasing need for the education of more such children. Without too much imagination a need for two classrooms in the area of the towns noted seems to be necessary.

In the school report one can find a cost estimate of operating this special class, made last November, and the estimated cost now expected for the current year. It can be seen that the costs for Wilton for the education of six children are extremely reasonable.

The two areas that have been receiving special attention, phonetic approach to reading and modern math, the last few years in the elementary school are continuing to receive added emphasis during the cur-

rent year. A gradual change is being made in the kind and difficulty of mathematics materials being placed in the hands of children, and in the difficulty of reading texts to compliment the general improvement in instruction in these areas. There are three areas that will be receiving attention over the next several years. These are language arts, social studies and science. The emphasis will be established probably in the order noted.

Due to a well experienced veteran elementary teaching staff, the caliber of instruction and the level, is of the highest quality. On the basis of standardized achievement tests, average scoring of children is generally more than one year above grade level and in many cases, over two years above average normal grade placement is evidenced. When all is said and done, achievement in basic academic areas is a prime measure of the success of a school. All parents and citizens of the town should be pleased with the educational standards of achievements that have been regularly maintained.

Early in the year all of the School Boards of the Supervisory Union heartily endorsed a program of physical fitness in keeping with the late President Kennedy's recommended program. A workshop was held in Wilton for the information and instruction of all elementary teachers and the program became a formal part of the school. Teachers of the school have been devoting about fifteen minutes each day to strenuous continuous exercising by children. Mrs. Stanton has conducted the supervision of this program and has assumed responsibility for administering tests of physical fitness to the children and sending reports to parents. Further testing will be carried on in the spring. It is hoped that such a program will raise the physical fitness level of each and every individual of the school. Even in this short period of time some marked improve-

ments have taken place in individual cases. More important, however, is an awareness by children and of some parents of the very important place which sound fitness plays in the overall development of the child.

Building and Grounds

This past year good success was achieved by having the regular summer painting done by teachers of the school. It is hoped that this arrangement can again be made this year since it is possible thereby to do a bit more than paint and more painting is provided in this kind of an arrangement.

Two major renovations must be made within the buildings. One is for rewiring within the high school building due to heavy loads on the present lines. The building was carefully inspected by a representative of the New Hampshire Fire Underwriters and this recommendation corroborated that of a local electrician, rewiring was vital for the safety of the children and building. An item of \$1,520 appears in #735 to cover this cost. The so-called "new boiler," now actually twelve years old, is in need of having its fire chamber rebuilt. \$1,250 is provided also in #735 to cover this expense.

The desk top re-covering project started last year, is being extended into this new budget with a provision of 100 additional units at \$650 for the re-covering of high school desks.

It is proper to give considerable credit to Mr. Robert Saba, the Principal of the High School, for the many physical improvements that he has been responsible for in the high school. All visitors to the school compliment him for the excellent appearance of the building and the workmanlike atmosphere which has been developed through his efforts.

Sweepstakes

This year will probably go down in New Hampshire education as the "Year of the Sweepstakes." This was

the first year that funds were made available through this lottery to schools in New Hampshire. The Wilton School District finally received \$11,380.46. The best information at this time indicates that Wilton will receive \$15,100 during the coming school year. One problem that has concerned the Board was how to best use this money and keep within the Statutes and intent of the law, namely, to improve education. Putting sweepstakes money in the salaries of teachers seems to be a wise use of such funds. A good amount of the increase in teachers' salaries this year has been brought about by this kind of thinking. The apparent increase of approximately \$14,000 in this area is not exactly what it seems. About \$5,200 of this increase was voted by the district last year in an article providing funds for the initiation of the Special Class. However, since the Budget Committee specifically did not recommend this article it legally could not be voted on by the district in the opinion of the Tax Commissioner, so money raised under Article 11 of last year's warrant, namely \$6,265 was *not* made available to the district. At the time that this information was received from the Tax Commissioner, however, contractual commitments had already been made for the initiation of the class which could not be broken. Feeling existed that since it was the intent of the townspeople to have this money raised, if necessary, a deficiency appropriation could be requested. This means that increases in salaries for teachers amounts to something in the vicinity of \$9,000 and not \$14,000 and part of this is sweepstakes money.

Last summer when the Tax Commission submitted to the Selectmen the assessment to be raised for the support of schools their estimate of the sweepstakes money to be received was only \$8,220.70. As already noted, actually some \$11,000 was received resulting in an excess of approximately \$3,000. Under Article 9 of the Warrant the district is being asked to appropriate

this excess sweepstakes money for two purposes, one, to pay the net costs of operating the special class, something in the vicinity of \$2,150 and to also pay Court costs of \$1,250.65 in a lost case, "Skeba vs. Wilton School District." In October 1961 the Berlin "Call-up" occurred and included calling the High School Science teacher. A replacement was found and the contract drawn up agreeing to pay said teacher on the regular contractual form a salary at a rate of \$5,000 per year. At the close of the school year the teacher indicated that he should not have received a pro-rated part of \$5,000, but a total amount of \$5,000 for services rendered from the middle of October until the close of school. The suit was contested but an unfavorable decision was rendered in the middle of June by the Court. The first thought was to carry the matter to the Supreme Court of New Hampshire but later, on the basis of legal advice, it was decided to pay costs of \$1,250.65. It was necessary to pay the costs before the end of the calendar year 1964 or incur additional interest charges, thus the requested appropriation.

Finance

There are several changes in the budget, from that presently in operation, that should be brought to the attention of voters. In #190 there is a reduction of approximately \$2,000. This reduction is brought about since \$2,000 was budgeted for the cooperative school study group, not required in the 1965-66 Budget. The reduction in Item #235 of approximately \$500 is shown since no funds are expected to be utilized for home instruction which were budgeted for during the present year. In Item #290, an increase of \$250 is to take care of additional costs of office supplies, curriculum materials for the professional staff, special assembly programs and special dues. In the #600 Series an overall increase of some \$950 is shown to take care of the additional costs of cleaning, supplies for the school at the

Town Hall and at the Special Class. This item in the past has been overexpended and this is an attempt to bring the budget more in keeping with the actual expenditures which seem to be necessary. Also in the 600 series the item for heat has been increased to take care of additional costs of heating, most of it at the special class. The same situation holds true in the #645 Item, Utilities being increased to cover costs for electricity and telephone in the special class.

Under the #700 Series, the primary increases have already been noted in the section under Building and Grounds. The #800 Series; Teachers' Retirement increase is a fixed percentage of the total teachers' salaries.

Under the #1200 Series, Capital Outlay, a considerable number of items have been budgeted to improve the instructional program and to make the building a little more efficient and a satisfactory place for children to live. Following are some of the specific items in this area and reason of need: Musical Instrument Repair Kit; a one-year payment on the intercom system which has been installed in the high school; a window washing supporter in order that windows can be cleaned safely from the outside; eight additional lavatory units in the boys' and girls' basements of the high school; draperies and traverse rods for the Auditorium in order that it can be properly darkened, two additional sewing machines to take care of increased numbers in the Home Economics Department; a 3-view mirror; about 50 storage trays for the Home Economics Department in order that the partially completed sewing work of the girls can be properly filed and stored; a language master reading-teaching device for the special class; two Projection Screens; one additional Overhead Projector for the high school; two portable chalkboards; a portable bulletin board; 100 folding chairs, and a film-strip projector for the elementary school.

On the income side of the ledger, if the district authorizes the expenditure of the excess sweepstakes money for the purpose already noted, it is not expected that any balance will occur. As already noted, about \$15,000 of sweepstakes money is expected, that combined with other income, hopefully \$2,500 under the Federally Impacted Area Law, together with about \$40,860 tuition income, results in a total income of the district of approximately \$64,000. This total income will be referred to later in the report since it is not clearly shown on the Budget Committee's form.

The income from tuitions should be explained since this increase is the major portion of the income anticipated by the district. This year as in the past, the seventh and eighth grade pupils have been charged at the elementary tuition rate, next year it is planned to charge seventh and eighth grade pupils at a rate that is nearer to the actual cost of education at the Junior High School level and a charge of \$400 per pupil is estimated. This tuition charge cannot be based on any precedence except that it is in between the elementary charge of \$330 and the high school charge of \$440. The actual costs of instruction at this level will be determined at the close of this fiscal year and the budget breakdown will show the actual costs for this level. This revision of tuition rate results in a net increase of income to the district of about \$3,000. At the high school level, more tuition youngsters are anticipated, forty-four in comparison with thirty-six this year, and it is expected that the high school rate will be \$460 rather than \$440 which is the charge made this year. Included within this tuition cost is an estimate of ten pupils that will be educated at the special class at a total income of \$5,000. This tuition income figure is always reviewed at the close of the fiscal year and revised in view of the best information that is available at that particular time. The income items noted

above have reduced the total Assessment figure to \$179,394 so that the District does not have to raise the total Appropriation of \$243,669 by taxation.

Special Articles

There are two special articles in the Warrant. One as already noted, requesting that excess sweepstakes money be used to absorb unexpected costs: Court case and Special Class. A second Article asks the district to appropriate up to \$10,600 of excess tuition income, special class; income from Trust Funds and additional Impacted Area money to defray over-expenditures. The payment from these excess monies places no additional tax burden on the community, since the money is available to the district but was not authorized to be spent at the last district meeting. Expenditure of these monies would exceed the appropriation which is illegal.

Some additional expenditures in 1963-64 could not be paid out of 1963-64 money since all funds had been expended. An advance of \$6,500 on 1964-65 money was approved by the Budget Committee and it was hoped to be absorbed within the current year but this has not occurred. In 1963-64 additional money had to be spent for the hiring of teachers, renovations made to the Town Hall, and overexpenditures for heat, gas, repairs, insurance, home teaching, textbooks, scholars' supplies, Shop and Athletics. Almost \$800 went back to a carry-over from 1962-63. Some \$3,000 came in after the date of the request in income from the Federal Government but still the financial picture at the end of the year was not good. Approval of this appropriation will allow the district to straighten its financial problems once and for all and to take care of the total appropriated expenditures made in connection with the Special Class.

It is really not expected that this will require \$10,600 but this is being requested to make sure that the total appropriation voted will not be exceeded.

The Budget Committee has approved both of the articles noted above and therefore it has been necessary to include on their budget form this total amount of money, \$13,759. It can be found noted at the bottom, below current appropriations entitled "Supplemental Appropriations" 1964-65, making the total appropriations appear to be \$257,428. It should be remembered, however, that for the year 1965-66, \$243,669 is what is being voted on and asked for.

On the income side of the ledger again the Budget Committee's form has got to show this \$13,759 which it does under "Local Revenue except Taxes" entitled "Offset to Supplemental Appropriation." This makes it appear that the total revenues of the district will be \$78,034.76, of course, actually it is only \$64,700 approximately and the estimation for assessment of taxes remains at \$179,394.02 since the Supplemental Appropriation is, in effect, an "In and Out" appropriation.

Conclusion

Wilton is fortunate in having a veteran staff of elementary teachers devoted and dedicated to their work. A superior job of instruction is being carried out under the leadership of Mr. Saba. The morale of the high school student body and staff has never been higher and the academic level is being improved through the interest of the teachers, the community and the school. The School Lunch Program has handled the extra load of pupils very commendably. It will be recalled that present policy allows no high school pupil to leave the premises at noon. Mrs. Elna Stevens has aided in maintaining continuity in the administrative handling of high school matters. Mrs. Elizabeth Stevens, the School Nurse, has carried out her functions with deep and sincere interest and devotion to her work. Mr. and Mrs. Crown have been more than satisfactory in handling the housekeeping and sanitation problems

of the school, being on hand for all activities occurring at the school plant. They have shown a sincere interest in the plant, in its proper care and protection. This year through the efforts of the high school administration, parents have exhibited more cooperation with the school and interest in the school than in many years. This inspires teachers to put forth even greater effort. All parties working together have made a good working team and has given the citizens of the town considerable satisfaction.

The School Board has conscientiously tried to cope with the many problems that develop in the daily handling of 550 children and 25 staff members every day. Together, teachers, parents, school board and administration have developed a school of which we can be proud.

Respectfully submitted,
Kenneth A. Sargent,
Superintendent of Schools.

PRINCIPAL'S REPORT

Since September, 1964, it has been my privilege to be associated with the Town of Wilton, acting in the capacity of Principal at the Wilton High School; also engulfing the programs and courses of studies with directing the future of our younger citizens while they attend their school of secondary education.

Physically, the building has seen some changes which were effected to increase the efficiency and professional atmosphere of the school itself. A new inter-communication and public address system has been installed with speakers being installed in every high school classroom, including the Shop, the Home Economic room, the Music room, the auditorium and both hallways in the High School; this system is equipped to serve as a public address system, an inter-communications system and record-tape transmitter.

Pictures of historical matter have been added to the hallways and classrooms; flags of various nations and states may also be seen displayed; new draperies have been placed in the Home Economics Department, the guidance office, the women teachers' room and the main office.

A major project was undertaken in cleaning up the attic. Spearheaded by Mr. Paul Silva, the mammoth job of not only cleaning up the debris, but also of building shelves in the attic for categorizing all usable books. This task was accomplished through the combined efforts of students and faculty members on their own free time. All items which could be salvaged or repaired were saved and as a result, many desks and chairs were made available as spares.

The supply room on the landing above the second floor hallway was moved to the attic for many reasons; the first one being the conversion of it into a men's faculty room. A bad leak in the roof two years earlier had caused a whole section of the wall to fall; and the

room itself was somewhat inadequate. Again spear-headed by Mr. Paul Silva, students and faculty members moved all supplies into a separate and special area of the attic thus rendering it easier to procure supplies and also effecting the reality of a men's faculty room which had previously been located in the old high school boiler room.

The Guidance Office also underwent a major overhauling with new furniture, painting, all new shelving, a rug and new desk and chair. The sole purpose here was to give the Guidance Office an air of professionalism in which students would more easily find an atmosphere of warmth to discuss their problems, needs or to simply seek advice. This desire has been fulfilled as we have found an increase of 40 per cent in the number of students signing up for appointments with Mr. Richard Powers, head of the Guidance Department. Adding to this increase has been parental-student-guidance department meetings which are being scheduled as heavily as possible; these meetings help to determine why students' marks are in a certain phase (if they should be low, better, etc.); and also we have adopted a policy of establishing a more cooperative relationship with parents so that the students' welfare may be enhanced. As we gain more and more time for guidance, we hope to have every student meet with Mr. Powers and set up a program which is best suited to that student; we also are trying to encourage students, while Juniors, to apply for college or at least meet with the students and try to assist them in selecting their proper courses and semi-determine the college of their choice.

The principal's office, as most of you know, has also undergone a major renovation with painting, new decor, desks, chairs, etc. This was done to present an atmosphere of the proper impression which the main office of any high school's principal's office should impart. To many people, their impressions of the high

school's main office *is* the high school; but far more significant is the fact that the principal should be able to meet with a student (if called for) or parents, in a private but dignified manner. This I feel has been achieved.

I am most happy to report that there has been no vandalism (of any significance) in or to the high school itself. The students have exhibited the most praiseworthy of commendations in this area; and to the end I must give credit to the parents of the Junior and Senior High School students for such breeding stems from the home. We have had only three "drop-outs" and each one of these has been of necessity, not choice. Operating under a new system, if a student is behaving such that he needs disciplinary action, he is sent to the office with a discipline sheet filled out by his teacher; when he reports with this sheet to the office, he then fills out his version of the situation; and at the close of school, the teacher, student and principal meet in regards to the incident, and final action is taken. This system has proved to be of significant value for it enables us to keep a record of incidents.

In new areas of development, Mr. Spencer Brookes of the Mathematics Department has instituted a student-aide program which other teachers have followed: if a student does not understand the class work, he is instructed to report to a free study help class after school; if the student has to take a bus, he takes a note home to his parents which indicates to them that he will be staying the following night and his parents will then arrange to get their children home. Besides Mr. Brookes, all the other members of the faculty offer these courses if so needed. This type of program will be continued next year, but we hope to make some of these classes mandatory with the co-operation of the parents.

This year has seen two new "firsts" for Wilton

High School: the Festival of Lights (and Santa Claus) and the major United Nations project. Again, I must compliment the entire faculty and student body for their splendid cooperation and my sincerest thanks to the many parents who have helped make these programs possible; with special sincere and humble thanks to the members of the P.T.A. who never faltered or said no to any requests for help. Under the direction of Miss Florence Wheeler, the JETS have been re-activated and this year she again promises us an outstanding Science Fair. The Student Council, under the most capable leadership of Mrs. Cecile Merchant, has become involved in a new project for Wilton — the High School Quiz Bowl series which will be held at various schools, among which will be Wilton on March 9, 1965.

This school year we have entered students in eight different civic and national contests; the Guidance Office has administered nine different types of testing; and 39% of the Senior Class has applied to schools of higher learning. The French Department under the leadership of Mrs. Eunice Marshall has been involved in two workshop groups. The Future Nurses of America (FNA), under the supervision of Mrs. Elizabeth Stevens, has had a field trip to a hospital and some major speakers. The Guidance Office has brought in (18) eighteen different speakers in connection with Sociology and future careers. Mr. David Paige, director of Music, has organized a new chorus, and the Christmas concert was evidence of the high degree of success in that area. Miss Mary Hurley, Social Studies Department, was our nominee as teacher of the year by Look Magazine. It sufficeth to say that the faculty as a whole has been moving forward with a spirit of cooperation and dedication.

In the field of athletics, Mrs. Gertrude Stanton, Mr. Richard Laberge, Mr. Gale Hennessy, and Mr.

Gerald Davis have all be instrumental in giving deserving praise to all areas of athletics, and their records speak for themselves.

If I were to give proper appreciation, I would, in all honesty, have to name the Wilton School Board and the Superintendent of Schools, my immediate superiors. Since I assumed the position of principal at Wilton High School, their spirit of cooperaton has been far and above that which I had ever expected; because they have given me their assistance, help and guidance and without it, my job would have been difficult. I have been given inexorable support; and, therefore, I publicly wish to extend my humble gratitude.

To the wonderful townspeople of Wilton, my thanks for their generosity and help.

To my secretary, Mrs. Elna Stevens, my most zealous commendation for devotion to duty and assistance in making my job easier because of her willingness to work overtime without financial remuneration; and her accurate records, her exacting standards, and her interest in the welfare of the students.

To my staff of teachers my congratulations for a job well done.

Last, but not least, my thanks to the students at Wilton High School for proving to me that what we lack in size we make up for in quality; and to the parents of these students, you have every right to be proud in rearing such fine children.

ROBERT SABA,
Principal.
